

NOW WE ARE CERTAIN

Now we are certain
that 5 is an even number
that a circle has 4 corners
that 3 are a perfect pair
that 2 sides of a face are everything

I
I am
I am all
I am all I know
I am all I know for sure
I am all I doubt about

Now we are certain
that bees will sing for us
that earth will cool down for us
that good news surround sugar mountain
that love will rule the world

We
We all
We all are
We all are heroes
All of us are heroes
when Mr Jones sings for us

Now we are certain
That there's an independent press
That there's a tv telling the truth
That ministers do serve the people
That we are told full stories

They
They are
They are sure
They are sure in what
they see in times to come

You
Me and
Us and Them
Stumbling again
Thru nebulous times

We feel certain
That we are here
We make certain
That you aren't gone
We are virtually certain
That this world exists
We pay a certain amount of our souls

Now we are certain
That we live in multiple realities
That we know what we do
That 1 plus 1 is 0
fluctuating round a fixed value
That hello means olla
